

SYMBOLS OF THE DAY--A turkey and a Pilgrim Maid. The turkey has figured as the traditional main course for the Thanksgiving Day feast since feast was inaugurated by the Pilgrims. This particular bird, raised on the Frank Fleck farm, south of Frankfort on Center road, tipped the scales at 35 pounds which is quite an ovenful. The young lady dressed in Pilgrim garb and armed with a hatchet is Jean Fleck, 5-year-old daughter of the household. The Flecks started out with 870 turkeys this year but a storm last August took toll of 125 of them. The remainder were all sold by the beginning of this week.

Rock Island Riders Face Curtailment Of Service

Rock Island riders face a further curtailment of service if the Illinois commerce commission grants the road's petition now before it.

At the Chicago office of the Illinois Commerce Commission, it was said the new schedule for commuters would go about the first of the year if the petition is granted.

As far as riders in this area are concerned the only train to be discontinued and not merged with some other is the week-day train that leaves Joliet at 10:55 p.m.

The train that leaves Joliet at 11:30 a.m. and picks up passengers at New Lenox, Mokena, Tinley Park and on up the line, is to be discontinued but it will be combined with one that formerly left Joliet at 1:30 and the new time of departure would be 12:30 a.m.

There were reports out that the service would be cut to one

train a day each way for commuter service on Saturdays, Sundays and holidays but Rock Island representatives label such reports as fiction.

A train that leaves Joliet at 8:25 a.m. Sundays and holidays will be consolidated with another and the new departure time would be 8 a.m.

A spokesman for the railroad said there would be no changes in trains that serve Tinley Park, Mokena and New Lenox other than those mentioned, the move is planned they said to cut financial losses.

Villages and cities along the road plan to fight the move. It is also opposed by rail unions.

RESPONDS TO CALL

The Mokena fire department extinguished a grass fire along the Rock Island tracks West of Brightwood Monday afternoon.

Bike Riders Too Careless

Approximately 300 Mokena youngsters passed bicycle riding tests and received licenses, last fall, but traffic rules taught at the time seem to have been forgotten according to Police Commissioner, Phil Hacker.

Motorists and police have reported near accidents, caused by careless bicycle riders.

Boys and girls riding to and from school fail to obey stop sign and other traffic rules. They are especially negligent in giving hand signals for turns, according to Hacker.

Schools recently held special assemblies on bicycle safety and Hacker feels that if this is backed-up by parents warning their children to use common driving courtesies the possibilities of bicycle accidents will be cut to a minimum.

Sewers Still Major Topic At Frankfort Board

Except for a few minor items which should be disposed of within the next few days the sewage treatment plant for the Frankfort sanitary sewer system is complete.

At the regular meeting of the Frankfort village board Monday night a payment of \$15,082 was ordered made to Gaskill and Walton, contractors for the project. This leaves but \$2,000 owing to the builders, which is being held back as a matter of course until final acceptance of the work.

The contractor also has a performance bond which would provide the village with protection. The board members expressed themselves as pleased with the work of Gaskill and Walton.

The total price for the sewage treatment plant is \$166,139.28, a sum that includes but approximately \$3,000 for ex-

tras, an unusually low figure for a contract of that size, it was said. The board is expected to set a date to dedicate the plant at its next meeting.

The board also allowed payment of \$4,594 to D'Andrea Construction Co., for work done on the sewer system. There is still considerable clean up work to be done, the board complained, and there are still many stubs to be installed so property owners may make connections with the sewer.

The board instructed Engineer Robert Hamilton to write the contracting firm and direct it to expedite its efforts. Should the firm fail to heed the warning, board members agree, other steps will be taken.

Village Clerk Walter Pfaff told the board Monday that up to that time 138 persons have

obtained permits to make connections with the sewers. He said that many others have called to ask when stubs would be installed so they could make connections.

Discussion over the sewer service connection with the Methodist church, a subject that was brought to the board's attention by Arthur Bauch, one of the officers of the church, is expected to be resolved at the next meeting of the board which will be Dec. 5. At that time the engineer is to submit a report, in writing to the board and a committee of trustees will make a recommendation as to the course to follow.

Boiled down the situation is this. When the Methodist church was built a few years ago a sewer line was extended from the church and so constructed that it could be used for a service connection at such time

Moves To Cure Drainage Ills At Second & Pine

A long awaited improvement, especially beneficial to residents in the vicinity of Second and Pine, has been ordered by the New Lenox village board. At an adjourned meeting held on Wednesday night of last week the board awarded a contract for installation of a tile system to drain the area.

Northwest Sewer Const. Co. of Skokie submitted the low bid, \$7,542 and the contract was awarded to the firm subject to certain provisions. First the contract is subject to approval by the state highway department as the drainage system planned is to be paid for partly out of motor fuel tax funds as such system will protect and prolong the life of

the streets, which are listed as arterial streets. Another provision calls for satisfactory insurance coverage and still another condition dealing with right-of-way is really covered in the first provision.

Mayor Stanley Gilmore wanted to be certain that the village would not be obligated to pay the contractor in the event the job could not be done for lack of right-of-way. He was assured by R. H. Underhill, of the state highway department, that the state would not approve the plans unless right-of-way had been obtained and the construction firm had no contract until such instrument was OKed by the state. The

village still has some right-of-way to acquire but expects to get it.

Drainage of the Second and Pine area has been a problem that has plagued the past two village administrators. Persons in the area have complained not only of flood waters but of the presence of raw sewage in such waters.

The sanitary sewer system now nearing completion at New Lenox is expected to eliminate the sewage but flood or surface water must not be turned into sanitary sewer systems.

As a matter of fact the New Lenox village board adopted an ordinance last week that is required by the state, banning in-

roduction of roof and surface water from the sanitary sewer system. Penalties are provided for violations.

It is the hope of residents of the Second and Pine area--and village officials--that the 24 inch tile planned to drain the area will perform as expected. Approximately 900 feet of tile will be laid. The surface water can be drained into Hickory creek.

Mr. Underhill pointed out that the Northwest Sewer Co. bid was some \$1,500 under the engineers' estimate. The estimate was \$9,061. The Village hopes to have work started on the project within the next two or three weeks.

There were 10 bids in all. The other nine, in the order of their totals, were:

Chico Const. Co., Chicago \$7,976.02.

Mahoney Eng. and Const. Co. Whitting, Ind. \$7,998.20.

Russ LaSanksa, New Lenox, \$8,535.90.

John Warren, New Lenox, \$8,562.

Blaine Saxton, Mokena, \$8,580.90.

Nodland & Simonsen Const. Co., Ottawa, Ill., \$9,058.30.

William Loucks, Mokena, \$9,486.

M. J. Zuidema & Co. Worth, Ill., \$9,531.

Normyle & Berg, Rock Island \$9,992.50.

Mokena Band To Present Concert Dec. 4

The first band concert of the season for Mokena grade school has been scheduled for Sunday, Dec. 4 at 2 p.m. at the Carpenter street school, to which the public is invited.

Prior to the concert the band has played during assembly at Carpenter street school and at Willowcrest.

The Band Boosters recent fund raising drive, which closed last Saturday, netted the group \$174. The money will be used for current expenses of the club.

Winners were David Hostert, first; C. Gerrie, second and Vernon Bormet, third all of Mokena.

TERRENCE A. MARSHALL USN has been advanced to Aviation Electronics Technician Third class. He is the son of Mr. and Mrs. Arthur H. Marshall of Sunny Acres, Mokena.

He has been in the Naval Air Corps since August, 1958. Graduating from A.T.A. school in Memphis, Tenn., in April he was sent to China Lake, Calif. for further study and experience in aviation electronics. The base is situated in the Death Valley in the Mojave Desert.

He is planning to be home for the holiday season for ten days.

Grace Kopelman Dies Suddenly

Mrs. Fred (Grace) Kopelman, 69, of Lockport, a life-long residence of the Homer-Lockport area died Wednesday morning, Nov. 16 in her home. Death was believed due to a cerebral hemorrhage.

Born in Homer township, Dec. 16, 1890 the former Grace E. Wells resided in the area until 12 years ago when her husband Fred retired from farming and the couple moved to Lockport.

L-W College Night Program Is Set For Next Wednesday

Fourth annual observance of college night at Lincoln-Way high school will take place next Wednesday night, Nov. 30.

On that night students and parents of students who plan on college are invited to meet with representatives of various institutions of higher learning who will be on hand to answer questions.

Thirty-six colleges and universities from Illinois, Iowa, Indiana, Missouri and Wisconsin will have people here to meet with prospective students and parents.

Supt. A. Hunter Chapman also announced that word has been received from the University of So. Calif., and University of Miami, asking that they be invited to send representatives to Lincoln-Way's college night.

The school has also sent college preferences expressed by senior and junior students to their choices. Each student was asked to make a first, second and third choice. All three institutions were notified in each case and each responded with literature.

meetings with the college people and students will use that time to meet the representatives and mull over questions and problems they wish to ask.

The first group meeting period will be from 8:30 to 8:50; the second period is from 8:55 to 9:15 and the third and last from 9:20 to 9:40.

SAM CAMPBELL AND FRIENDS

Forest Philosopher Will Show Film At Frankfort

Sam Campbell, naturalist and lecturer, who is to show a movie at the Frankfort grade school next Wednesday night at 7:30 o'clock, will be concentrating on animals of the North Woods in his Frankfort program.

Author as well as traveler, photographer and talker, Campbell and his pictures and stories of animal life in the forests of Wisconsin and Upper Michigan, are known all over the world. He has appeared in this area countless times and always has capacity crowds.

He is being brought to Frankfort this time by the Methodist church there and those in charge selected his lecture "Animals of the North Woods," because of its charm.

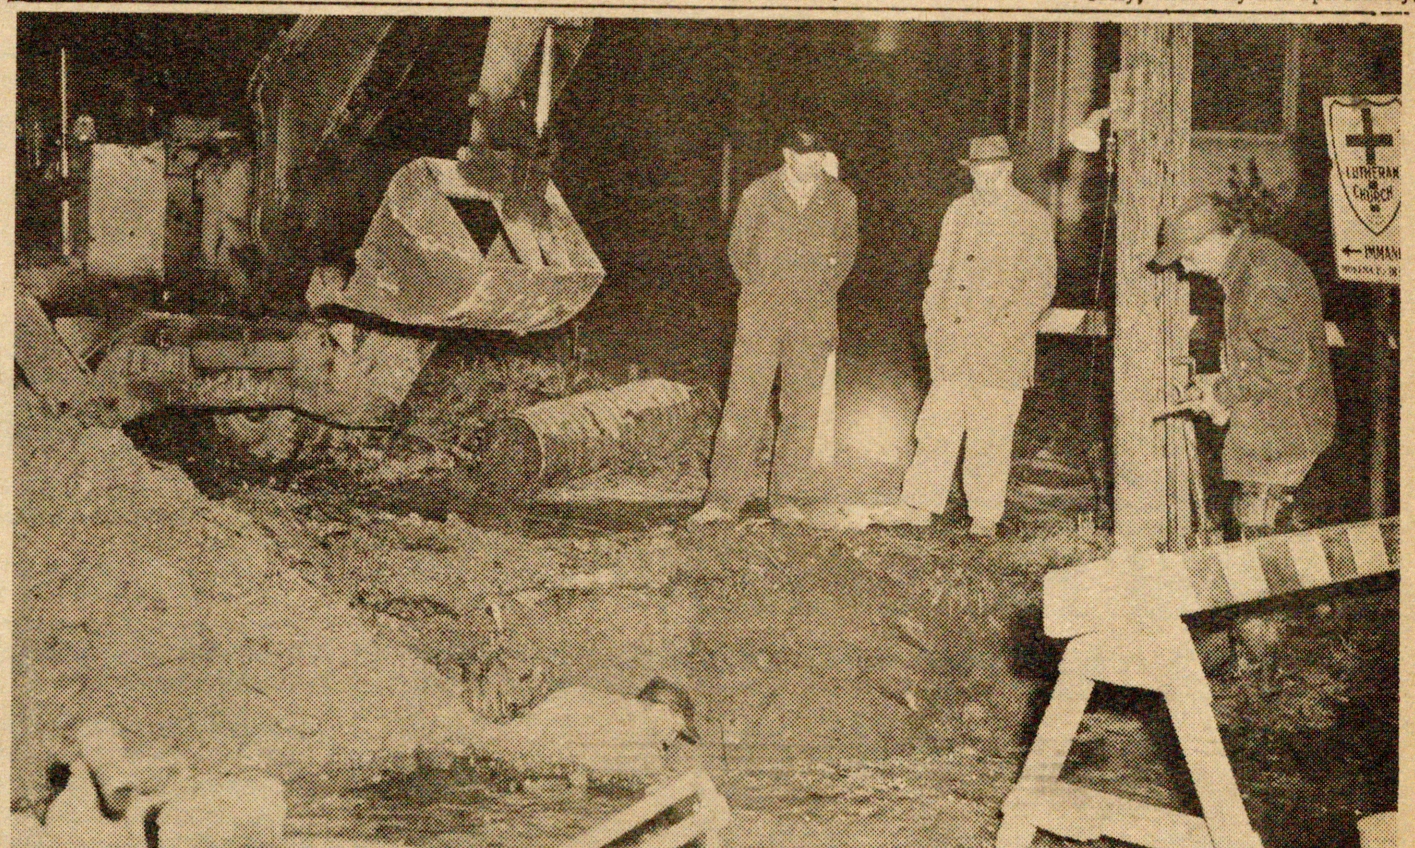

Campbell regards nature as a deep and salutary parable to be read by man. He is convinced that close contact with solitude in beneficial to mind and body. In his journeys thru the North Woods Sam Campbell has become the friend of numerous animals and he points out that kindness to them has brought out character and intelligence that had been hidden behind a veil of fear.

His lecture Wednesday will deal with the facts, features, beauty and appeal of the northern forests, and is rich in animal lore. The audience is first introduced to the forest and reminded of the great service it has rendered to mankind, physically, mentally and spiritually.

NEW LENOX VILLAGE BOARD lets contract for drainage system with is expected to eliminate the surface water that collects in the vicinity of Second and Pine. From left to right, Trustee Eugene McGovney; Village Clerk Robert Mc-

Cleary; Trustees Ronald Vondrasek and Evans Drotts; Mayor Stanley Gilmore; Village Attorney William Penn and Trustee Keith Hossack. Trustee Chester Bowman arrived just after the photographer left.

REPAIRING BROKEN WATER MAIN is a cool job at night even in summer but on these fall evenings it is downright cold. The main involved was located at Wolf rd. and First st., Mokena. The

man down there in the hole with water sloshing around his boots is Clyde Yunker. At ground level (l to r) are: Erwin Friant, Village Clerk Alvin Sorensen and Wade Krohn.

Silver Cross Starts School Of Technology

A school of medical technology with a one year program has been set up by the pathology department of Silver Cross Hospital. Dr. Frederick C. Bauer, director, announced this week. Two years of college with quantitative chemistry are required.

As the new school will normally draw most of its students from the Joliet area, an affiliation has been made with Joliet Junior college which is giving official recognition to the school in its catalog. Students from any recognized college will be accepted, however.

The status of the medical technologist is on a high professional level today. He works in hospital or medical laboratories performing laboratory tests to aid the doctor in his diagnosis and treatment of disease. Well trained technologists are in great demand.

The Silver Cross hospital school will be operating in compliance with recommendations of the American Society of Clinical Pathologists. The curriculum will include lectures, demonstrations and examinations in bio-chemistry, hematology, bacteriology, parasitology, tissue technique, serology, urinalysis, basal metabolism and clinical microscopy.

The faculty will be headed by Dr. Bauer as director and Dr. Anne Erdle, associate director. Both have been certi-

fied by the American Board of Pathology in pathological anatomy and clinical pathology. Dr. Bauer holds a Ph.D. degree from the University of Chicago and is on the faculty of the University of Illinois.

Dr. Erdle received her M.D. degree from the University of Cologne and worked there in pathology but is now a citizen of the United States. John Haverman who will be assistant director has a B.S. degree from Northwestern University and is a registered medical technologist (ASCP).

Miss Bernadine Boecker will be teaching supervisor of the school.

SPEEDY 'DUAL-ACTION' THE SHREDDER THAT SHREDS WET OR DRY

and gives twice the cutting power
... twice the cutting efficiency

If you can get a tractor into the field, you can shred with Speedy. And get your field cleaner.

'Dual-Action' shredding is the reason. Material is cut by knives, a shredding bar, then by shredding fingers. You can take your Speedy into the toughest weeds, stalks or light brush and thoroughly cut and shred everything in your field. Priced at only \$595.00 (less tires) F.O.B. Oelwein, Iowa.

Quickly and easily converts to a forage chopper

As a forage chopper, the Speedy 'Dual-Action' chops and loads straw, stalks and vines for bedding. Chops green or dry hay. The simple addition of a blow back hood converts the Speedy Stalk Shredder to an efficient forage chopper.

CUB SCOUT NEWS

Cub Scout Pack #318 held their monthly meeting Friday, Nov. 18 at the American Legion Hall. Since the month of November is Fire Prevention Month, Roy Benson arranged for the exhibition of the fire department equipment at this meeting under the supervision of Fire Chief Granat. The Cub Scouts had the opportunity of inspecting this equipment at first hand which proved to be a thrill for each of them. Following this each Den gave a Program with fire prevention as the theme.

Any boys from the age of eight to eleven that have not joined the Scouts and wish to do so may call George Buckley, Cub Master, at Fieldbrook 9-2996.

Mr. and Mrs. Harry Heiting celebrated their wedding anniversary, Nov. 17 with a family gathering in their home.

Mrs. Amor Sandberg, Third District chairman of Park Ridge School for Girls, was guest speaker at the Woman's Club meeting, Wednesday, Nov. 16 at Community Center Foundation. She told of the activities at the school, the cottages, etc. Illinois cottage is sponsored by Third District.

Mrs. A.D. Ramsey, Third District for Lincoln Lodge,

Boys Town of Illinois, was unable to attend, so Mrs. Jay Lamb, Vice President of the club, read an article on the activities of Boys Town, etc.

Mrs. Sigmund Smith, chairman for the club, had a display of what boys are interested in; also the girls. A silver offering was taken which is to be divided for Christmas gifts for both schools. Members brought jewelry, etc. for Christmas gifts for patients at Manteno State Hospital. Mrs. Lester Sayers, chairman, asks if you have any articles suitable for these patients, to contact her. Mrs. Orville Schmaedeke was appointed delegate to the Carl Sandburg High School caucus, and Mrs. Chester Williams as alternate. Residents Discuss Plans For Civic Organization

MRS. WALTER PLUMLY
Tel. Mokena 5701

Approximately 80 residents of Arbury Hills assembled for their first citizens meeting Friday night, Nov. 18, at the new schoolhouse and heard Edward Feeley, builder of the Arbury Hills residential area answer many of their questions regarding their problems as an infant community. The question and answer period, moderated by "Hy" Kronick, dealt with community problems ranging from proposed church and recreation areas to street maintenance and speed zoning. It was primarily intended to fulfill the original theme of the meeting, "Facts-not Rumors".

As the meeting progressed with questions, answers and discussions being contributed by the participating audience, the need became apparent for a civic organization that would channel the collective time and energy of the membership into useful projects to benefit the people in Arbury Hills. Proposed by-laws were distributed to acquaint the members with the various facets in purpose, scope and structure usually encountered in the organization of a civic group.

The following volunteers formed a committee to plan the next meeting at which the residents of Arbury Hills will formulate their own by-laws for an organization that will most capably fulfill their intentions: Messrs. Jack Cook, Archie Estes, Leonard Gunty, John Hayden, Dick Heim, Hy Kronick, Sam LaRocca, Richard Mansell, Peter Miller, Bill O'Neill, George Peterson, Frank Riesbeck, John Smith, Tom Tannis, and Brian Williams.

Any other resident desiring to assist in establishing the basic groundwork for the organization can either give their ideas to any of the above listed committee members or volunteer to be committee members by calling John Hayden, telephone 5808.

Mr. and Mrs. Archie Estes, Phyllis & Johnny, entertained with a dinner party at their home on S. Oak St. Saturday night. Guest list included Miss Theresa Hobart, Woodstock; Miss Nancy Kazich, Lemont; Mr. and Mrs. George Pennepacker and Miss Martha Pennepacker, Berwyn; Mr. and Mrs.

The training is necessary if the trainees are to get an Illinois teacher's license in Home Ec. Shown here (l to r) are: Marilyn Faust and Judith Lieb, seniors at North Central college, Naperville, and Karen Bossert and Carla Kunkel, seniors at U. of I. (CSHS Photo)

Small Electrical Appliances Play Big Part In Housekeeping

From Home Ec. Dept.
at L-W High School

Small electrical appliances seemed to be sweeping the country just a short time ago. With the new modern home there isn't near as much space, and the small appliances are great space savers.

The new waffle baker and grill makes four waffles or toasted sandwiches at a time. This appliance serves a double purpose. It eliminates the need for both a grill and waffle iron. Large families no longer have to eat in shifts due to a small outdated waffle iron. These bakers are moderately priced so that the average family can afford one.

The silex oven toaster is another appliance designed to save time and space. It is an 800 watt unit with a pull-out drawer that can prepare eight pieces of toast at a time. It is designed to operate easily at the breakfast table. Instead of one person making the toast in the kitchen, it can easily be done with everyone sitting at the table. This is also an economical appliance.

Among the newer appliances is the egg-cooker which automatically steam-poaches or cooks eggs in the shell to the desired degree of doneness. Although it is only fourteen inches

in diameter, it can prepare six eggs at a time.

Griddles and fry pans have moved pancake making from a one-person-in-the-kitchen job to a table operation. Fried eggs and bacon have also moved to the breakfast table because the proper use of heat-controlled appliances prevents spattering. In addition, griddles and fry pans are useful for suppers and buffet meals in the evenings.

The low heat of a chafing dish allows the hostess to prepare caseroles ahead of time. Today the electric chafing dish joins the electric saucepan and double boiler as a reliable appliance for preparing a wide variety of foods.

Truly, the dining table, whether it be in the kitchen, in the breakfast nook or in the dining room, is being graced by a wider variety of small appliances that

ever before. There are some problems arising from this. Many homes do not have a sufficient amount of wall sockets to handle these appliances. Often these sockets aren't located in convenient places. The Westinghouse company has developed an appliance center that is able to provide ample electric current for five appliances simultaneously. An ordinary wall socket can be converted to this center with very little work.

When the small appliance was first developed it was not as practical as it is today. Many people bought them as luxuries and used them very seldom. Today they are becoming very practical and convenient. If you have not done so, then take a closer look at the modern small appliance.

Lions Give Jay Bissell Lifetime Membership

MRS. EMIL WILLE
Tel. Frankfort 5277

Mr. and Mrs. Jay Bissell attended a dinner at the Martini restaurant Saturday evening, Nov. 12 given by the Englewood Lions Club. Mr. Bissell, guest of honor, a practicing attorney in Chicago, was awarded a lifetime membership being one of the organizers of the club.

Miss Judy Wheeler spent last weekend at Northwestern where she attended the homecoming game between Northwestern and Michigan State.

Mr. and Mrs. W. D. Ashton of Gary, Ind. spent the weekend in the home of the latter's sister, Mr. and Mrs. William C. Davidson.

The choral group from Lincoln-Way high school gave a forty five minute recital at the Ann Rutledge school, Wednesday, Nov. 16.

Mr. and Mrs. Robert Wheeler enjoyed dinner and dancing at the Willowbrook restaurant at Willow Springs last Saturday evening. Sunday, the Wheeler family helped the former's father, Arleigh Wheeler celebrate his 73rd birthday with a dinner at the Swedish tea room.

The community dance has been set for next Saturday evening, Nov. 26. An instructor has been engaged to teach the polka to those attending. Eddie Field, square dance caller, will also take part in the dances. Donations of 50¢ per person will be asked to cover expenses.

Mr. and Mrs. Fred Niedringhaus of Chicago spent Sunday with Mr. and Mrs. Otto Niedringhaus.

PTA NEWS
With the pledge to the flag and the reading of the PTA prayer by Alva Smith, the meeting of the Ann Rutledge PTA

was opened last Monday evening.

When Mrs. Dwight Hicks, president, asked for the Ways and Means report, Mrs. Audrey April, chairman, announced the annual Christmas party and potluck supper will be held in place of the regular December meeting. It was decided to have a gift exchange this year but to spend the like amount for purchases for a needy family. Included in her report was the eye test given the pupils, Nov. 15 by Miss Johnson, Will County health nurse; assisted by Mrs. Frank Kovar, Mrs. Cal Heath Jr. and Mrs. Dwight Hicks.

Attendance banner was awarded to Mrs. William Davidson's room.

Following a short business meeting, Floyd Martin, program chairman, introduced Robert McFadden, Civil Defense director of Will County who showed films pertaining to CD. He was assisted by Robert Porter of Frankfort and Anthony Dina of Mokena who are both CD members. One of the films showed the various ways the Government is protecting the people of the United States in case of an attack. The other film showed pictures of Nagasaki and Hiroshima Japan before and after the Atomic Bomb attack 15 years ago.

Members of the Auxiliary Police of Will County, who are also members of CD, will sponsor classes in radiological training beginning the first of the year. If 16 or more enroll in the course they will be able to secure equipment needed without cost. This equipment will stay in the community and will be available whenever needed.

Refreshment hostesses were Mesdames, Jack Blevins, Henry Blevins, Wendell Jenkins, Russell Clark and Rudy Urbano.

schools, and power projects, etc. and the well advertised increase in minimum wage.

All of this is quite ambitious in view of the small margin of victory.

Unemployment figures have risen and this will aid the new administration in its program efforts.

The U. S. News in its summary of business outlook, reports that total spending, shows a drop of less than one half of one percent from the record high set in second quarter of this year. The increase in spite of unemployment, is attributed to wage increases which continue. Sales of goods to consumers and to government agencies are holding and expected to increase. Cost of living also increasing at small rate.

The recession combined with automation and rapid increase of total labor force, is raising unemployment figures.

While the manufacturing industries show a reduction in employment, the service industries have had employment increases.

The Financial World describes service industry, in a general way, as covering fields that do not produce physical goods. It includes banking, finance, transportation, communications and business and personal services, but not ser-

vices of non-commercial type as medical, legal, educational and domestic household services.

The magazine also points out that the number of employees in service industries is now about half of total employment. Steadily rising personal consumption spending has gone into these service industries since the end of World War II.

Growth of service industries is attributed to several factors. More income and leisure time has accustomed people to services which formerly were out of their reach. Business has become more complex and specialized requiring services of experts in a variety of fields such as research, taxation, appraisals, management consultants, etc. Business services

A reading of various comments on what may be expected of the new national government, indicates that it is likely the new administration will try to move ahead quickly with portions of their program, while victory is still fresh. A new administration also has many political favors to aid in convincing needed allies.

Lower interest rates to aid residential construction is noted as a leading objective. Lowering rates is expected to stimulate local and state governments in various public improvement ventures. John K. Galbraith, Harvard university economist, apparently is to be top economic advisor. He has been critical of the tight money efforts and expresses strong convictions on lower interest rates.

Mr. Galbraith expresses the belief that the road building program can be stepped up without much delay.

Mr. Kennedy has expressed desire for larger expenditure in foreign aid, on housing,

mandant and Mrs. Margaret Young, Walt Sr., vice-president, of Joliet, motored to Decatur last Saturday afternoon to attend the joint installation of the Decatur League and Auxiliary held at the new American League Rooms. The officers were installed by State Commandant Dick Olson of Chicago and Mrs. Pauline Jones, Auxiliary State president, of Mr. Vernon.

On Sunday the group attended the second Staff meeting from 9 to 4 p.m. at American Legion Post 105. Lunch was served at noon by members of the local Auxiliary.

A special Thanksgiving service will be held at Homer Church Sunday morning, Nov. 20.

Mrs. Vera Waldvogel, president of the Homer Missionary society, appointed an nominating committee at the Thursday meeting to name officers for the year 1961. Mrs. Robert Burch and Mrs. Earl Burnworth are the committee who will report at the December meeting which will be election day. Mission boxes were turned in to be sent to the Pilgrim Missionary society. Any not returned should be given to Mrs. Waldvogel as soon as possible. The next meeting will be at the church on Dec. 29; this will be a Christmas dinner and in place of a gift exchange, there will be an offering for needed equipment.

Mr. and Mrs. Edwin Rozanski, 151st St., are the parents of a daughter born Nov. 3 in Silver Cross Hospital.

Mr. and Mrs. Kenneth Dunlap and baby daughter, Pamela, have returned to their trailer home on the Robert Burch farm, after an absence of two years which Mr. Dunlap spent in the Army. He has earned the rating of Sergeant.

Of Street To Aid Railroad

A request to vacate a portion of a street in what had been a subdivision but is now owned by the New Lenox Lions club and eventually is expected to become a recreation or park ground for the benefit of the community has been placed before the village board.

The New York Central is working on a bridge in the area and to complete it it must have a portion of this particular road closed, the village was informed.

Village officials indicate they are ready to vacate all of the streets in the tract which is about seven acres in area but would have a chat with railroad representatives first. The New York Central is said to be asking \$185 from the village for running a sewer main under its tracks.

St. Mary's To Hold Christmas Bazaar Dec. 2-3

Members of the Altar and Rosary Society of St. Mary's Church, Mokena, will hold their annual Christmas Bazaar, Dec. 2 and 3, in the Social Center, 195th and Wolf Road, from 10 a.m. until 10 p.m. on both days.

There will be many features, notably a children's bazaar, Dec. 2, complete with hot chocolate, homemade doughnuts and Santa Claus; and a delicious spaghetti dinner on Dec. 3, prepared by the ladies of the society. Serving will begin at 5 p.m. and is open to all.

Booths will include beautiful Christmas Gifts, such as decorated candles, wreaths, ceramics, handsewn children's clothing, religious articles, plants, toys, homemade articles and countless other girls. A country store, will feature home baked goods, Christmas cakes and candies and home canned fruits and vegetables.

Monies derived from the bazaar will be used for St. Mary's building fund. Mrs. Edward Grotovsky, Sunny Acres, Mokena, is treasurer and chairman of the event.

Junior Pin Stars Roll At New Lenox Saturday

Semi-finals of the second annual Junior All-Star bowling tournament open to all preliminary round winners in the Joliet area are to be staged at the Davey's Lanes, New Lenox, this Saturday afternoon, Nov. 26. Bowling will begin at 2 o'clock and spectators are welcome. There is no admission charge. Winners in the semi-finals will qualify for the finals to be held Dec. 10 in the Chicago Coliseum.

There will be six winners in the semi-finals, three boys and three girls, representing the three divisions for each. There is the Bantam division for youngsters under 13 years of age; the Junior division for those between 13 and 16, and the Seniors, 16 to 18. Preliminary round winners from bowling establishments in the Joliet area will compete at New Lenox and the winners there will roll for state titles on the new lanes that will be laid by then for the World's Invitational Match Game Championship, one of the big events in bowling.

There will be six entries from the New Lenox meet in the finals at Chicago. All finalists, with one parent will be guests of the Illinois State Bowling Proprietors Association at the Coliseum. In addition all finalists, with one parent, will be provided with reserved seats for the World's Match Game tournament that is on the night of Dec. 10.

Advertise For Bids To Extend Kansas Street

The state highway department is advertising for bids for the extension of Kansas street in Frankfort to White, Under the terms of the notice bids are to be opened at the village hall in Frankfort at 2 p.m. next Friday, Dec. 2.

The street is being built thru money from the motor fuel tax fund. The state, however, will not allocate funds to pay for widening the street to provide for more parking and for putting in all the necessary sidewalks. The village will pay for such parts of the improvement.

Kansas street was formerly blocked at its east end by a house. The village finally acquired the house and is now prepared to carry the street straight thru to White.

More Lights For Frankfort

The village board at Frankfort has adopted two proposals submitted by the Public Service Co. for improving the street lighting.

Supt. Sidney Westby outlined four proposals to the trustees at their meeting Monday. Two were adopted and the other two held in abeyance until more funds are available.

The plans adopted call for 21 additional mercury vapor lights and four other additional lights. The added illumination will cost the village an additional \$145.13 a month. Some of the additional lights will be in the vicinity of U. S. and White ave., and on Kansas and Nebraska streets between White and Hickory. A light is also to be installed at Minnesota (an extension of Nebraska st.) and U.S. 45.

LAS VEGAS NIGHT
The New Lenox Lions will sponsor a Las Vegas Night in the Lions Den, this Saturday evening. A special attraction will be a box social to be offered to the highest bidder. The affair is scheduled to begin at 7:30 p.m.

Collect Corn, Cash In Will County CROP Drive

The Christian Rural Overseas program was launched at Sunday services in the Marley church. James Tilley, chairman of the CROP board, had as guests for the week end, three young women who received direct evidence of the program's value when they were victims of a typhoon which struck the Philippine Islands where they live. The girls, who are now studying nursing in Cook county hospital, Chicago, are Bella Bote from Manila and Marlene and Nena Macasa of Alamba in the Island of Negros.

The girls spoke and sang during morning worship and following a Fellowship dinner at noon in the church dining room. As they spoke, they marveled at the abundance in this country as compared to what they have in the Philippines. They find that the climate here is the hardest to adjust to -- having only the

wet and dry seasons in the Philippines with temperatures seldom below 65 degrees. They find our winters almost unbearable.

They remarked on the friendliness of the people in the States and of how well they were being treated. They enjoy our food--all the varieties and quantity. In the Philippines, only the sick and infants have milk. Meals are only served twice a day. An average dinner would consist of fish, a vegetable and perhaps a dessert. Poultry and eggs are served often but beef and pork, rarely. Ice Cream is a luxury. A farmer who owns a tractor is considered a millionaire. Rice and sugar cane are the chief crops. Plows drawn by water buffalo are used in farming.

The annual CROP drive for corn or cash was conducted Nov. 21 - 22.

Hold Services For 12 Yr. Old Of Frankfort

Twelve year old Barbara Lee Carlson, daughter of Mr. and Mrs. Donald Carlson, East Brown street, Frankfort died in her home following a lingering illness, Thursday, Nov. 17. Born in Champaign, March 4, 1948 she moved to Frankfort with her parents three years ago. She had attended the local grade school.

Surviving besides her parents are three brothers: David, James and Richard; parental grandparents, Mr. and Mrs. Lee Carlson of Paxton, Ill., and maternal grandmother Mrs. Lilly Lambur of St. Louis, Mo.

Funeral services were held Sunday, Nov. 20 from the Ford-Bier Funeral Home in Paxton with the Rev. Adolph Ulrich, pastor of the Good Shepherd Lutheran church of Frankfort officiating. Burial was in Glen Cemetery in the city. Services were also held in the Good Shepherd Lutheran church, Friday. Arrangements were conducted by the West End Funeral Home, Chicago Heights.

Music Club Entertains In Teacher's Home

Mrs. Eugene Paschall, piano teacher, entertained the Music Club composed of her pupils, November 14 in her home at 13641, 92nd Ave., Orland Hills.

The following pupils presented piano solos: Billy McKinley, Michael Pihl, Joyce Paschall, Bruce Cooper, David Saul, Vicki Graham, Debbie Blades, Rita Niedzialek, Karen Doubek, Valorie Niedzialek, Ann Paschall, Arthur Tinaglia and Donna Szufnarowski. Billy McKinley and Mrs. Paschall played a duet.

The life and work of Ludwig Von Beethoven were discussed, followed by a theme from Beethoven's Ninth Symphony played by Michael Pihl, and Beethoven's Minuet in G played by Donna Szufnarowski.

Guests were Mrs. Merrill Cooper and Cynthia, Mrs. Richard Pihl, Bobby and Debbie, Mrs. Charles McKinley, Mrs. Leo Szufnarowski, Mrs. Emil Doubek, Mrs. Joseph Tinaglia, Jody and Maria, Mrs. R. Niedzialek and Geraldine Graham. Punch, coffee and cookies were served by the hostess.

New York plants produce 92 per cent of all the fur coats made in the U. S.

Auction To Aid School

The Junior class of Sacred Heart High school have plans for an interesting fund raising endeavor. On Dec. 3, from 2 to 4:30 p.m. in the Pick Congress hotel, 525 S. Michigan ave., Chicago a benefit program will be conducted.

Irv Kupcinet, star of "At Random" television will emcee this blind auction of gift packages received from celebrities and well-known figures in the world of entertainment art, politics, etc.

Guest stars have been contracted to appear on the program. An admission will be charged.

Proceeds from the affair will go into the fund established for construction of a new girls' school.

ANNUAL CHRISTMAS BAZAAR
The WSCS of the Mokena Methodist church will hold their annual Christmas bazaar and luncheon, Tuesday, Dec. 6 in Fellowship Hall.

"Candy Cane Lane" will offer such items as bakery goods, novelties, home made candies, and gift items made by the societies. A new item this year is rag rugs made on a loom.

A plate luncheon will be served from 11:30 a.m. to 1 p.m. which is open to the public. The Christmas sale will start at 11:00 a.m.

SEWER INSPECTOR
Harry Brockway, building inspector at New Lenox, is in charge of plumbing too and as such is inspecting sewer connections. The New Lenox village board had mentioned Milton Harnack to assist in this work but later other arrangements were made and Brockway is in full charge.

Knights Rout Plainfield In Opener, 64-28

Lincoln-Way Takes Revenge For Last Year's Defeat, Kruzich Hits For 24

BY BILL SLUIS

In the opening game of the 1960-61 basketball season for both teams, the Lincoln-Way Knights beat the Plainfield Wildcats 64-28 last Friday night at the Lincoln-Way gym. The Knights took an early lead in the first quarter and increased it throughout the game.

Skip Kruzich led scoring with 24 markers when he hit with 8 field goals and the same number of free tosses. Scorewise, Skip was followed by Ron Yunker with 11 and Duane Warning with 9. Chuck Stransberry was high scorer for the opposition with a total of 7.

The Knights jumped to a 15-6 first quarter lead sparked by Skip Kruzich, Ron Cramer, and Ron Yunker. The Wildcats on the other hand were handcuffed in shooting their free throws, missing 10 of the eleven attempted during the first half. At half time Lincoln-Way led 28-11.

The Knights padded their lead in the third quarter and moved ahead to a 43-19 total. Skip Kruzich again led scoring in this quarter as he blazed the net for another eight points.

In the final period Lincoln-Way came thru with another 21 points, their highest total in any quarter of the game. Again showing an extremely well balanced offense. Scoring was divided among all five of the squad. At the final buzzer the scoreboard showed the tally to be Lincoln-Way 64 - Plainfield 28.

This victory avenges last years opening game with the Wildcats which Plainfield won.

AN ORDINANCE #87
Village of NEW LENOX Illinois

An ordinance prohibiting the connection of sanitary or industrial waste sewers to storm water drainage systems.

Be it ordained by the President and Board of Trustees of the Village of NEW LENOX, Illinois:

Section 1. It shall be unlawful for any person, firm, or corporation to connect or cause to be connected, any drain carrying, or to carry, any toilet, sink, basement, septic tank, cesspool, industrial waste, or any fixture or device discharging polluting substances, to any storm water drain in the Village of NEW LENOX.

Section 2. Any person, firm or corporation violating this ordinance shall be fined not less than Twenty Five (\$25.00) Dollars nor more than Two Hundred (\$200.00) Dollars for each offense, and a separate offense shall be deemed committed for each and every day during which a violation continues to, or exists.

The Knights showed exception form for a starting game with 22 scoring shots from the field out of 47 giving them a sharp 47%. This was compared to a 31% for the Wildcats. At the charity stripe, the Knights canned 20 out of 30 efforts for a 67% average against a 25% by Plainfield. The Knights controlled rebounds by a vast margin. Very few times indeed were the outstretched fingers of Duane Warning topped by any of the opponents, Ron Yunker was much in contention in that dept also.

As anticipated by Plainfield Coach Don Anderson his squad often appeared awkward in comparison with the smooth working Knights. This was not unexpected considering that he had the making of practically a new team this year. However, it was noticed that the Wildcats Coach possesses some playing material that once organized could spell considerable trouble for its opponents. Jerry Platt in the center slot one such example. This lad was the pivot man in more ways than one. Dangerously fast with an alert mind this combination of speed and skill is something to keep an eye on during the season. Yoeman service was also contributed by Terry Russell, Dick Jewitt, and Chuck Schroeder. However teamwork was the payoff secret this night.

The game was witnessed by an overflowing capacity throng in the Lincoln-Way Gym represented by fans from both schools who really let themselves go in enjoying the evening. There was plenty to shout about, but unfortunately little suspense.

Arbury Hills
Column Pleases
Colorado Couple

A letter was received by Mrs. Walter Plumly, correspondent for Arbury Hills, telling how much the new column is appreciated by people away from home.

The letter was written by Mrs. Edward J. Hill who now lives in Colorado Springs, Colo.

Quoting from her letter she says, "On behalf of my husband and myself, we would like to tell you how happy and pleased we were to see the article in the News-Bulletin about Arbury Hills. You are probably wondering how someone in Colorado Springs is interested in your column.

Before my husband entered the service seven and a half years ago, he was living in Mokena as well as myself. As a matter of fact, I was born and raised on the land where Arbury Hills is now developed. My parents, Mr. and Mrs. William Hecht sold their property to the developers."

She further states in the letter that she and her husband are having a home built on Beech Nut Drive and expect to occupy it the middle of February when her husband is discharged from service.

S/Sgt. and Mrs. Hill and two children have lived in Colorado the past four years.

Woman's Club
Show Yule Ideas

Mokena Woman's Club are sponsoring "Christmas decorating ideas galore", Tuesday, Nov. 29 in the Carpenter street school at 8 p.m.

To bring all the color and gaiety of Christmas into your home Chicago florist, Bob Watkins will demonstrate how to make simple and attractive decorations for your holiday table, fireplace, doorways and windows. Refreshments will be served following the program.

Tickets are available from members of the club and may also be purchased at the door. Holiday decorations, made during the program, will be awarded to three guests attending the event.

Proceeds will be used toward the Happy Hour Kindergarten which is sponsored by the club.

For A Unique Christmas Gift, Make A Big Quilt

FIRST STEP -- The first step in making your own quilt is tracing the pattern onto fabric.

STEP 2 -- Machine-stitching the quilt design in place is the second step in the process.

THIRD STEP -- One of the most time-consuming steps in the process and one that has a lot to do with the general design is cutting out background blocks and cotton batting.

Modern housewives all over the country are staging a revival of an old-time art during this Christmas season. Quilting, both a practical hobby and creative outlet for busy colonial women, has caught the fancy of their great-great granddaughters. Now especially during this pre-Christmas season, when gifts made in the home have such a strong appeal, many women are making beautiful quilts for holiday gifts.

While early quilts provided warmth and protection in drafty, poorly-heated pioneer homes, their twentieth-century counterparts are chiefly decorative. They add color and charm to simple Early American room settings, or handsome elegance to traditionally-styled furniture.

Quilting was a long and often tedious process for the pioneer woman. Every precious scrap of material had to be saved and carefully pieced into a finished design. After months (and sometimes years) of work, the seamstress called her neighbors in to help with the quilting. Together the hostess and her friends attached the top, filling, and backing to a frame and completed the quilt.

MORE FUN TODAY

Today's quilters are fortunate, for high-quality fabrics are abundant, and glazed cotton batting is easier to handle than earlier filling materials. While handquilting isn't recommended for beginners, it's possible for even a novice to make a quilt on her sewing machine. Modern automatic machines and quilting attachments make this task simpler than the hesitant might think.

Hundreds of quilt patterns -- some of them centuries old -- are on the market, and may be obtained at pattern counters or from manufacturers of cotton quilt batting. Once a pattern is chosen, fabrics and colors can be selected, along with filling, thread, and other materials. Cotton batting is an ideal filler, for it gives the finished quilt a soft, fluffy appearance, and is easy to handle in sewing.

If you're a beginner, here are some suggestions to help you with machine-quilting:

STEP 1. After you've chosen your pattern and selected your materials, cut out each pattern piece on cardboard or heavy sandpaper. Take each of these pieces and trace as many as needed onto your fabric. (If you're making an appliqued quilt, be sure to follow pattern directions regarding fabric colors.) When you've traced the pieces, cut them out and baste to background blocks.

STEP 2. After basting, machine-stitch the quilt design in place. A close zig-zag stitch is very effective, especially when the quilt is appliqued.

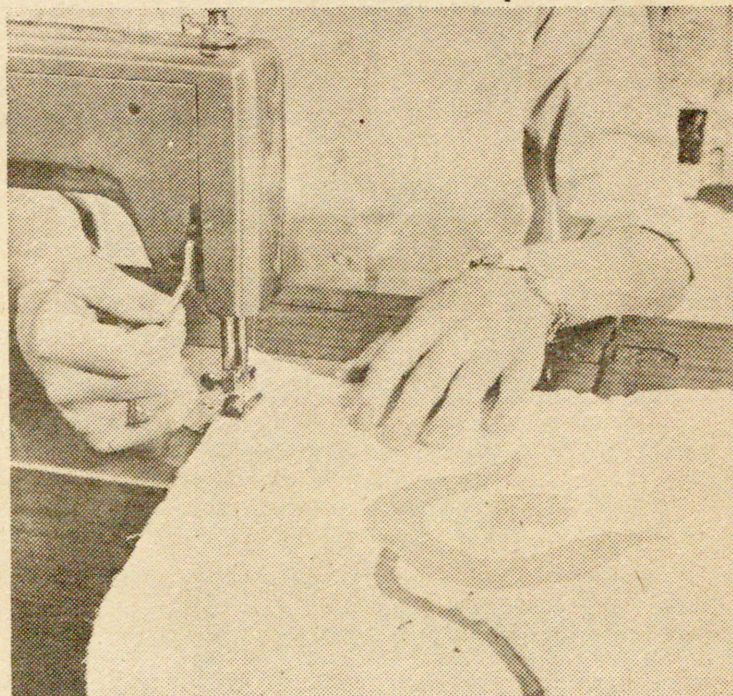

STEP 3. Next cut out rectangles of backing and cotton batting the same size as your quilt blocks. After cutting the backing and batting, baste the top, cotton and back of each block together securely.

STEP 4. Machine-quilt each block separately. If you use a fancy quilting stitch, trace off the quilting pattern with a pencil before you begin. If you use a plain stitch, start from the center and stitch diagonally outward. When you've finished quilting, cut back the cotton filling outside the seams. This prevents bulkiness at the seam lines.

STEP 5. Join machine-stitched quilt blocks with interlocking borders of contrasting fabric. Use plain white strips of the same width to join the backs of the blocks.

Finish your quilt with a border of bias binding, or with bias strips of the fabric used for the interlocking borders.

Once you've finished your quilt, you'll probably want to start work on another, for quilting brings personal pride and satisfaction, as well as admiration from others, and is a superlative gift.

STEP 4-- Machine-quilting the blocks is a big time saver. This step in the process formerly was done by hand and consumed many hours.

FINAL STEP -- The last step in making your own quilt is stitching the interlocking borders.

FINISHED PRODUCT -- This beautiful quilt is the reward for all the labor and time spent in preparing this wonderful Christmas present. Many housewives may like it so well, they will do another for themselves.

Candle-Making: A Lost Art Now Being Revived

Since candle-making is rapidly being revived as a new home craft, especially for the holiday season, we asked one of the Golden Triangle area's most active homemakers to give us the latest hints on making your own candles at home.

Mrs. Berenice Mullen of Creekwood, Lemont, has given us a detailed account of how to make your own candles. She reports that the art of candle-making is as old as time itself. The first evidence we have of candles being made in tapered form is when the specifications for the candlestick were given to Moses in the 25th chapter of Exodus, showing the seven candles of beeswax in the candlesticks and how to place them on the altar.

USE BEESWAX

Take a sheet of bleached or dyed beeswax, 7 1/2 inches x 16 1/2 inches and cut it in half on the bias with a very sharp knife. Place one-half yard of candle wick on the straight side and begin rolling very tightly, keeping the ridges very straight so the candle will stand. The heat of your hands will cause the wax to seal and as each twist takes shape, flair the wax between your fingers.

IF ANY DECORATION is placed on the flair, such as glitter, sequins, or any other ideas you may have, it must be pressed into the wax before starting to roll the wick into the candle. Be sure to leave some wick at the top.

ILLUSTRATED

In the photo, the white, finished candle lying on the table was made this way and so were the tall, green tapers in the silver candle stick holders. The small red candle in the center is one-half sheet with glitter pressed on the edges before rolling. For any other decorations on a candle such as this, drip various colors of other candles on it or cut scraps up and press them into the wax.

HAVE THE SHEET of beeswax at room temperature but closer to 80 degrees will make a more perfect swirl or flair. If your hands are cold, run warm water over them as the heat of your hands does the sealing. The cost of each sheet is 29 cents and the wick is five cents per foot. The sheets come in various colors and may be purchased in assorted boxes of ten colors.

You can roll the beeswax in a straight roll, adding additional sheets, making the candle as large or as small as you desire. The wax will float, can be cut and pressed into flower designs, or if you are really clever, an entire table arrangement can be made. To make a red, white and blue patriotic candle, cut the dark, blue sheet on the bias, a white sheet, one inch smaller both in width and length and start the wick on the straight side of all three sheets which have been pressed together in a flush position.

THESE ARE NOT only decora-

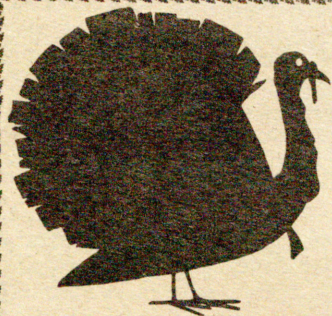

tive candles but may be used as well. If a candle drips after lighting, let it burn 15 to 30 seconds. Then blow it out, straighten the

wick upward and light it again. Do this every time you light a candle, even if it has been burned before, and it won't drip.

HOMEMADE FOR CHRISTMAS -- Mrs. Emmett P. Glynn of Creekwood, Lemont, displays the above items she has made and will have in her home during the holiday season. The candlesticks are contemporary table legs screwed on brass lamp bases, with brass pin candle holders. The stylized tree is cut from solid walnut and has a hand rubbed finish. An eight inch styrofoam cone was painted red, artificial cherries were stuck into it, leaves were added for filler, and placed in a small alabaster bird bath. The milk glass compote contains a red candle with red and green nylon balls alternated around the candle. The apothecary jar is filled with fruits and flowers. A white dove is at the top. The topiary tree is a wooden dowl placed in a flower pot and filled with plaster of Paris. A large white styrofoam ball has white plastic holly with little red berries pushed into it and is placed on top of the dowl. The scone is made of gold-sprayed raffia, with ornaments around the edge. The candle holder may be removed and it will serve as a tray for cookies.

MAKE YOUR OWN -- Here are the materials needed to make your own Christmas candles. They will make fine gifts as well as handsome decorations for your own table. Mrs. Berenice Mullen of Creekwood, Lemont tells how to make them in the accompanying story. The candle holder of the small candle was made of cardboard, sprayed with gold and cut pine cones placed around the bottom.

ADVENT TREE -- Mrs. Ludwig Theil of Mokena celebrates Christmas in the old traditional way at her home. The family notes Advent with an Advent tree made of a wreath and four candles. Here she lights one of the candles for the celebration. Golden Triangle Photo

Mokena Family Celebrates Advent In Traditional Way

BY MRS. LUDWIG THIEL,

Christmas eve has always been the most beautiful day of the year in our family. It is preceded by the celebration of Advent, beginning four weeks before Christmas.

Each year mother made a wreath of evergreen (the Advent wreath) and on the fourth Sunday prior to Christmas a candle was placed on the wreath. When it was lit, the family gathered around and sang the first Christmas carol.

Each Sunday another candle was added. Every day, just at twilight this little ceremony was repeated. One Christmas candle each Sunday, the glow of the candle, mother's melodious voice leading us in singing the carols, all made each occasion a beautiful, reverent time.

OLD MEMORIES

Sometimes mother would tell us about the way they celebrated Christmas in her little village in Germany. We lived in Berlin but her tender stories so lovingly told, transported us right into the place of her childhood. We could almost hear the sleigh bells and see the flickering light of the lanterns as the townspeople went to church. Inside, everybody lit a beeswax candle which they had brought along, since there was no other light in the church.

Fifty years have passed since then, but each Christmas we experience anew the beauty and sacredness as we celebrate Advent and come under the spell of Christmas.

Usually about a week before Christmas, just as we had finished our song, Santa would knock at the door. "Have you learned your Christmas prayer?" he would demand. And starting with the eldest, we would recite them and be

rewarded with apples and nuts which he tossed on the floor just before leaving. The forgetful ones were rewarded with a switch.

OLD FASHIONED WAY

We enjoy our old-fashioned Christmas tree, lighted by wax candles held by holders and screwed into the tree trunk. Angels of many different kinds, stars, bells, cookies and candies decorate it too.

In our home we always begin our Christmas celebration by the reading of the Christmas story. And while the candlelight shimmers all over the house we join in singing the beautiful Christmas carols.

Finally the Christmas gifts are opened and it makes the day complete for our children and four little grandsons. After the little ones are tucked into bed, we attend the Christmas candlelight service at our church. It is always the most beautiful day of the year.

TO GLAZE CAKES, brush cooled cakes generously with hot light corn syrup and decorate with fruits and nuts. Or you may want to frost cakes with butter-powdered sugar frosting, vanilla or caramel.

GOOD EATING AHEAD--Mrs. Doris Simenson, of Tinley Park prepares some holiday fruit cake mixes before the hungry eyes of her two boys, Danny, 1 and Timmy 5. Mrs. Simenson specializes in fast, easily made fruit cake that comes out delicious, (according to husband, Bob.) Golden Triangle Photo

Fruit Cake A Real Christmas Delight When It's Home Made

Mrs. Doris Simenson of Tinley Park has some good recipes for making favorite fruitcakes in a hurry. Her husband, Bob, especially likes her pecan date fruitcake.

For this recipe you will need: 2 cups broken pecans, 2 cups chopped pitted dates, 2 cups sifted all-purpose flour, 1 teaspoon baking powder, 1/4 teaspoon salt, 1/2 cup butter, 1/2 cup firmly packed brown sugar, 3 eggs, beaten, 1/2 cup light corn syrup, 2 tablespoons orange juice and 2 tablespoons lemon juice.

COMBINE NUTS and dates in a large bowl. Coat with 1/2 cup of the sifted flour. Sift remaining 1 1/2 cups flour with baking powder and salt. Cream butter until light. Gradually add brown sugar, beating thoroughly. Combine beaten eggs, syrup, and juices and add alternately with dry ingredients to creamed mixture. Fold into flour-nuts and fruits. Spread evenly in prepared 9 inch square pan. Bake for 35 to 40 minutes in moderate oven, 375 degrees, until top springs back when pressed lightly with finger.

FRUITCAKE TARLATAN

Fruitcake Tarlatan consists of 1 cup each Brazil nuts, pecans, English walnuts, blanched almonds, whole candied cherries, chopped

pitted dates, 1 cup sifted all purpose flour, 4 eggs, separated, 1 cup sugar and 2 teaspoons vanilla.

Combine nuts, leave whole or in large pieces, and fruits in large bowl. Add sifted flour, coating nuts and fruits well. Beat egg yolks until thick and lemon colored. Gradually add sugar, beating thoroughly. Beat in vanilla. Pour over floured nuts and fruits and mix well. Beat egg whites until stiff peaks form. Fold gently but thoroughly into mixture. Spread evenly in 9 inch square pan. Bake 40 to 45 minutes in moderate oven, 375 degrees.

WHITE FRUITCAKE

Elegant white fruitcake is a handsome, confection cake with sparkling red, green and light fruits, as well as nuts laced through a stark-white batter. Take 1 1/2 cups, 1/2 lb., golden raisins, 1 1/2 cups, 1/2 lbs., chopped citron or part candied orange peel, 3/4 cup, 1/4 lb., whole candied cherries, 3/4 cup, 1/4 lb., candied green pineapple, sliced, 1 cup flaked coconut, 1 cup blanched almond halves, 1 1/3 cups sifted all purpose flour, 1 teaspoon baking powder, 1/3 teaspoon salt, 1/2 cup shortening, 3/4 cup sugar, 1 teaspoon vanilla, 2/3 cup, 4 large, egg whites, stiffly beaten.

COMBINE FRUITS, coconut and nuts in large bowl. Sift together flour, baking powder and salt. Mix with fruits and nuts, coating well. Cream shortening. Gradually add sugar and vanilla, beating until fluffy. Turn over fruits and nuts. Pile stiffly beaten egg whites on top and fold mixture together gently but thoroughly. Spread evenly in prepared 9 inch square pan. Bake 40 to 45 minutes in moderate oven, 375 degrees.

BLACK BEAUTY

Black Beauty Fruitcake is spicy, dark and moist for good keeping. The recipe calls for 1 cup seedless raisins, 1 cup currants, 3/4 cup chopped pitted dates, 3/4 cup, 4 oz., chopped citron, 3/4 cup, 4 oz., chopped candied orange or lemon peel, 1 1/2 cups walnuts or pe-

cans, 1 1/2 cups sifted all purpose flour, 1/2 teaspoon baking powder, 1/2 teaspoon salt, 1/2 teaspoon each cinnamon, allspice and nutmeg, 1/4 teaspoon cloves, 1/2 cup soft shortening, 1/2 cup firmly packed brown sugar, 2 eggs, 1/4 cup dark molasses, 1/4 cup grape juice or coffee.

Combine fruits and nuts in large bowl. Coat with 1/2 cup of the sifted flour. Sift remaining 1 cup flour with baking powder, salt, soda and spices. Cream shortening. Gradually add sugar, beating until fluffy. Add eggs, one at a time, beating 1 1/2 minutes after each addition. Combine molasses and grape juice or coffee. Add alternately with dry ingredients to creamed mixture. Fold into flour-nuts and fruits. Spread evenly in prepared 9 inch square pan. Bake for 40 to 45 minutes.

SPECIAL DIRECTIONS

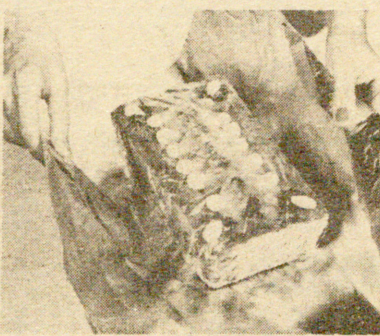

Mrs. Doris Simenson has some special baking directions for these small fruitcakes. To prepare the pan, line greased 9 inch square pan with two thicknesses of brown wrapping paper, leave sides standing 1 inch above rim of pan. By grasping these opposite sides, the cake will lift out from the pan easily. Grease paper lightly.

Bake these shallow pan cakes in a moderate oven, 375 degrees, until top springs back when pressed lightly with finger. Each cake bakes within 35 to 45 minutes.

COVER CAKES with one thickness of brown paper after about the first 20 minutes of baking, or whenever the top reaches the brownness desired.

Cool cakes in the pans for 30 minutes. Lift out by the high paper sides and set on cooling racks. Glaze cooled cakes with hot light corn syrup and decorate with nuts and fruits. Or frost with powdered sugar caramel or vanilla icing.

To store cakes, wrap tightly in saran wrap, then in aluminum foil. Cakes will slice more easily if chilled.

TO STORE CAKES, wrap tightly in saran wrap, then in aluminum foil. Let ripen. at least four weeks in a cool place. Aging and ripening "make" the fruitcakes. Cakes may be frozen after aging period.

Dress Up Your Home For Christmas

You'll want your home, of course to reflect the wonderful, glorious spirit of Christmas this year.

In addition to a tree hung with sparkling lights and shiny ornaments, why not take advantage of the many home furnishings designed to help you say, "Merry Christmas" to your family and friends?

Here are some suggestions for dressing up your home for the holidays:

1. Serve meals against a decorative background in the traditional colors of the season. Cover your table in a cloth of solid red or green cotton, and add a centerpiece such as a jolly Mr. and Mrs. Snowman made of cotton batting sprinkled with silver glitter. Or dress your table like a giant candy can in a red and white striped poplin cloth, which comes with matching bibs for the small fry.

If you sew, decorate a red or green tablecloth with white bells, Christmas candles, or other appropriate motifs. You can applique these trims to the fabric, or make them snap on and off so you can use the cloth at other times of the year. Another idea is to make a colorful tablecloth border of Yuletide greetings in fancy machine stitching.

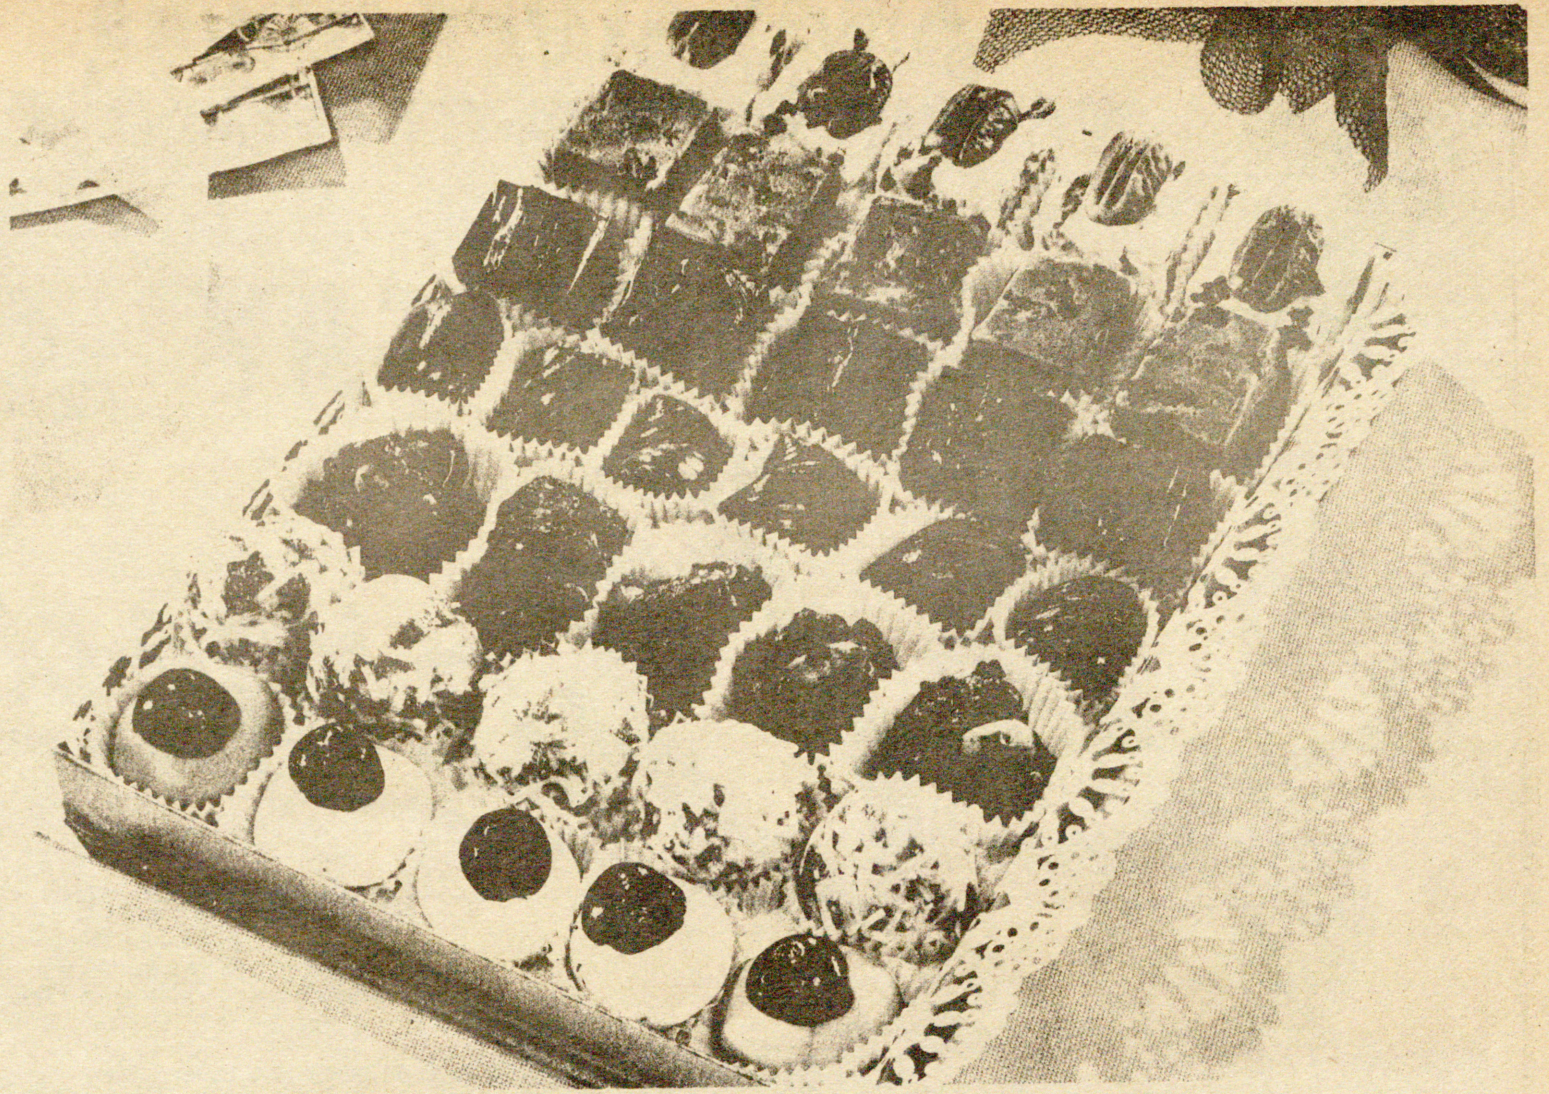

Red and green holiday prints featuring such designs as evergreen and holly appear in many ready-made tablecloths. Or you can buy these fabrics by the yard and make your own cloths, table runners, or place mats.

2. Deck your kitchen and bathroom with terry cloth hand towels cherrily printed with Christmas motifs. These small printed towels are plentiful; but here again you can use your own sewing ingenuity by appliqueing patterns onto plain towels. If you attach appliques by machine, sewing experts recommend placing a piece of organdy on the wrong side of the towel. This will make the terry cloth ride smoothly under the needle.

3. If you have an entrance hall, welcome guests to your home with a cotton throw rug inscribed with the message, "Merry Christmas." Give a holiday look to the nursery or a young child's room with a novelty rug shaped like a Christmas angel. Place a charming snowman underfoot in the den or playroom.

4. Brighten the living room scene with a collection of toss pillows in Christmas colors or prints. Make your own, or buy ready-made pillows covered with solid red, white, and green velvet or corduroy. Then again put your imagination to work, or with the help of pattern and needlework books, decorate the pillows so they'll shine with holiday splendor.

These ideas are only to help you get started. As you shop or sew, you'll find many other ways to spread Christmas joy throughout the house. And remember, the items mentioned also will make splendid gifts especially for friends who "have everything."

QUICK CANDIES - These quick candies made by Mrs. Bernard Morris of Homer Township are delicious examples of her country cookery. From top to bottom they are: date nut fondant, peanut butter, fruit squares, fudge truffles, molasses taffy, chocolate peanut clusters, apricot coconut balls and quick fondant. All are packed in a home made candy wrapping.

Country Cook Passes On Her Favorite Holiday Candy Tips

A well-known cook in her neighborhood, Mrs. Bernard Morris of Homer Township, says these candies are easy to make and delicious besides. Here are some of her favorite recipes.

DATE NUT FONDANT

This recipe for date-nut fondant makes about one and one-half pounds. Use 2/3 cup sweetened condensed milk, 1 teaspoon vanilla extract, 4 cups sifted confectioners' sugar, 1 cup chopped nut meats and 1/2 cup chopped pitted dates. Combine the milk and vanilla and gradually add confectioners' sugar. Mix until smooth and creamy. Add chopped nuts and dates and blend well. Press into a square shallow pan 8 x 8 x 2 inches. Chill until firm and cut into one inch squares.

PEANUT BUTTER SQUARES

Peanut butter fruit squares need no cooking, just mix, chill and serve. This will make about one and one-third pounds. Take 1 cup pitted dates, 1/2 cup seedless raisins, 1/2 cup currants, 1 cup peanut butter and 1/4 cup sweetened condensed milk. Put all fruits through a food chopper. Add peanut butter and condensed milk and mix well. Press into bottom of 8x8x2 inch buttered pan which has been sprinkled with confectioners' sugar. Smooth surface of candy and sprinkle with confectioners' sugar if desired. Chill until firm and cut into squares.

MAGIC FUDGE TRUFFLES

For magic fudge truffles you will need 1 package, 6 oz., semi-sweet chocolate pieces, 1/3 cup plus 1 tablespoon sweetened condensed milk, a pinch of salt, 1/2 teaspoon vanilla extract and 3 tablespoons ground nut meats. Heat chocolate in top of double boiler over rapidly boiling water, stirring a few times, until just melted. Remove from heat. Add sweetened condensed milk, salt, flavoring and nut meats, if used. Stir only

until smooth. Turn into container lined with waxed paper and press into block one inch high. Chill in refrigerator until firm, about two hours. Turn out of container, remove waxed paper and cut into serving pieces. Store in airtight container.

MOLASSES TAFFY

Mrs. Morris likes molasses taffy especially for children's parties. This recipe makes about 3/4 pound. Ingredients are 1 can sweetened condensed milk, 1/2 cup molasses and 1/8 teaspoon salt. Mix

these ingredients in a heavy, shallow saucepan. Cook over medium heat, stirring constantly, to 250 degrees Fahrenheit or until a little mixture dropped in cold water forms a hard ball, about 35 minutes. Pour into a 8x8x2 inch buttered pan or platter. Let stand until cool enough to handle. With buttered fingers, pull until firm. Stretch into a long rope. This is the part the youngsters enjoy. Cut into one inch long pieces with a kitchen scissors.

PEANUT CLUSTERS

Chocolate peanut clusters are another favorite. Take 1/2 pound sweet chocolate, 2/3 cup sweetened condensed milk and 1 cup whole peanuts or raisins. Melt chocolate in top of double boiler over boiling water. Remove from heat. Add sweetened condensed milk and peanuts or raisins and mix well. Drop by teaspoonfuls onto buttered baking sheet or plate. Chill for several hours before serving.

APRICOT COCONUT BALLS

For making apricot coconut balls, take 1 1/2 cups dried apricots, ground, 2 cups shredded coconut, 2/3 cup sweetened condensed milk and confectioners' sugar. Combine apricots and coconut. Add sweetened condensed milk and blend well. Shape into small balls and roll in confectioners' sugar, if desired. Let stand until firm.

QUICK FONDANT

For quick fondant, 2/3 cup sweetened condensed milk, 1 teaspoon vanilla extract and 4 cups sifted confectioners' sugar are needed. Gradually add sugar to milk and vanilla in mixing bowl and stir until mixed to a smooth rich ball. Flavor as desired and shape into patties, fruit rolls, balls covered with coconut or stuff dates, prunes, figs or apricots.

PRETTY CANDY BOXES

Pretty wrappings for Christmas giving candies add excitement and are fun and easy to do. Any empty box that is the size needed can be dressed up for Christmas wrapping. Cut waxed paper to line the box neatly and then use a festive paper napkin, lace paper doily or silver foil to form a nest for packing. Fold the top edges of the gay lining over the top after the candy is packed. If the box has a store name on the lid, cut a colorful Santa or Christmas tree out of a magazine and paste it on to cover the name. Now tie up your candy gift box with ribbon.

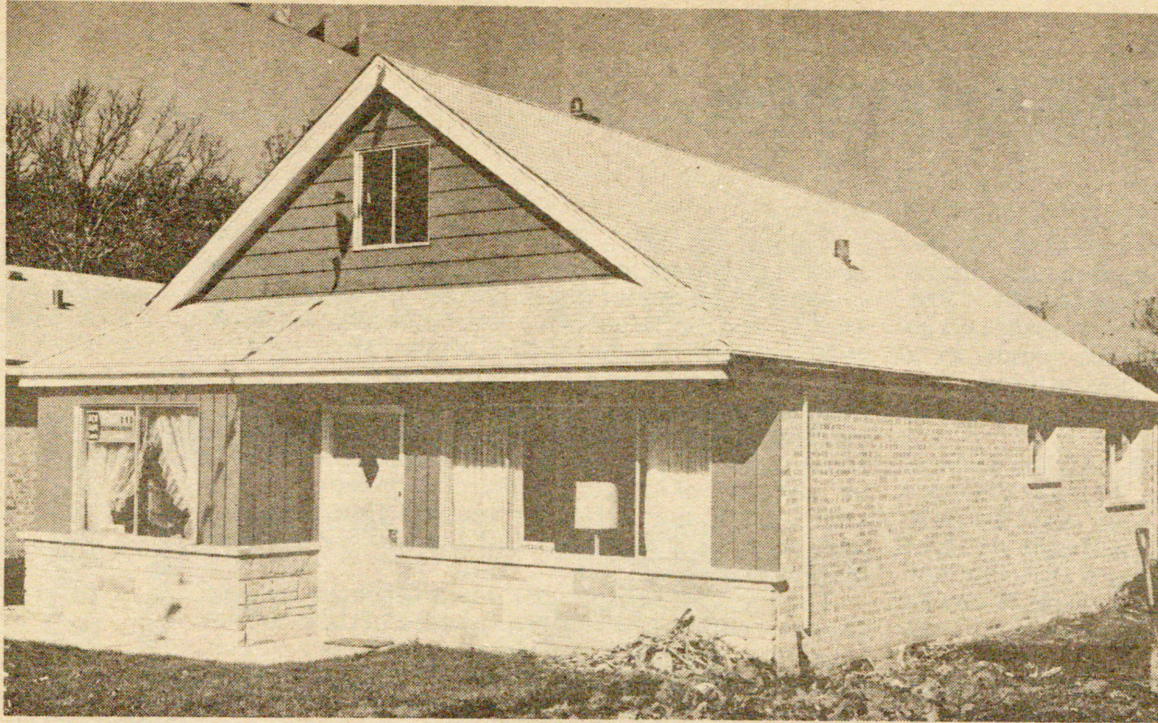

Jars come in handy, too, for candy. A decal on the lid, or bright enamel, plus colored paper or foil lining quickly transforms a jar into an attractive gift container.

SEASON'S GREETINGS -- Furnish your Christmas guests with crisp terry cloth towels which carry their own holiday message. Sewing experts appliqueed green holly leaves to the plain white towels shown here, using a piece of organdy on the wrong side to allow the terry cloth to ride smoothly under the needle. Terry cloth hand towels already printed with holiday motifs are available.

The Joy Of Christmas

Hungry noses have wrinkled in anticipation at the ever-pleasant odors of turkey legs and pumpkin pie. The heirs of the Puritans have gathered to bow the head and fold the hands in a moment of heartfelt thanksgiving. Today the sun breathes warmly; the air is light and balmy.

BUT TOMORROW it will be snowy, frosty and Christmas. At least the season will be upon us. One need be only about two years old to begin to feel that Christmas is coming a little sooner than it ever has before. And if one is not two, but 52 this is more fact than feeling.

Yes, Yuletide comes the day after Thanksgiving, but one often feels hard-pressed to really call it the Christmas season. After all what does Christ have to do with it? Well, one says in reply, isn't it true that we are celebrating the birth of Jesus, and aren't birthdays supposed to be happy and carefree and joyful; you know "Joy to the World", and all that kind of stuff. Isn't that what Christmas is supposed to be like? Yes, we reply, Christmas was to bring joy to the world, and I am sure that it does and always will. But where does our joy come from? Where will it come from this year?

FOR SOME I AM sure it will come from music. For many it is a time of wet-eyed sentiment as they turn the be-

loved carols into a kind of "Auld Lang Syne." Others will thrill to the pure grace and grandeur of Handel's "Messiah," and be filled with joy. But they will not know the joy of Christmas. Music will be its own end; its own joy. Still others will find their cup of joy running over as they spin a disc of the likes of Santo and Johnny with a hopped-up version of Jingle Bells. Their feet will beat a gay tattoo on many a floor and they will find joy. But not the joy of Christmas.

The joy of many will orbit around family reunions. Relatives caught in the economic dispersion of modern America will wend their way to the old homestead and drape themselves in their beloved's arms. These folk will know real joy; deep, earnest, heartfelt. But they will not know the joy of Christmas.

"MY CUP RUNNETH OVER", said the psalmist, and for millions this will be their Yuletide motto; for theirs is a liquid joy. It is a joy warm and radiant, making brothers of all men and good fellows of fabled grouches. It is a joy that for a season ends earth's sorrows and tears, and turns a black and bleak existence into a tinselled dream world. But dreams end. The joy is fleeting. The black world returns. They do not know the joy of Christmas.

The season's joy for still others catches fire from the romance of a

crackling hearth. Here the world gets only second thoughts, for joy burns brightly in eyes alight with love. It seemed like love. And yet, so quickly gone, and melancholy where there once was joy. They did not know the joy of Christmas.

WITH PLATE IN HAND other throngs approach the heaping board and with deft motion pluck a bit of joy. Theirs is an elegant, an exquisite joy as morsel follows tender morsel, and at last these bloated forms are lowered into contoured niches for recovery. Too bad, they say, that Christmas comes but once a year, the joy of Christmas still unknown.

But somewhere, someone labors on. The "music" heaped upon itself a thousand times from every doorway, store, and car seems only adding to the din. The smooth-phrased words that hawk his company's product are but tripe. The office party a mockery of man himself. Yet, here he must live and move and have his being. Here he must labor on. He has a family to support, he has a bill to pay. The "joy" of the season has been no balm for all the bottles, buddies and bravado. The world's a mess, he says. Who can save it? He trudges home. The night is as dark and dense as any other even though it is Christmas Eve. His steps are slow. Christmas is a hard season. At the of-

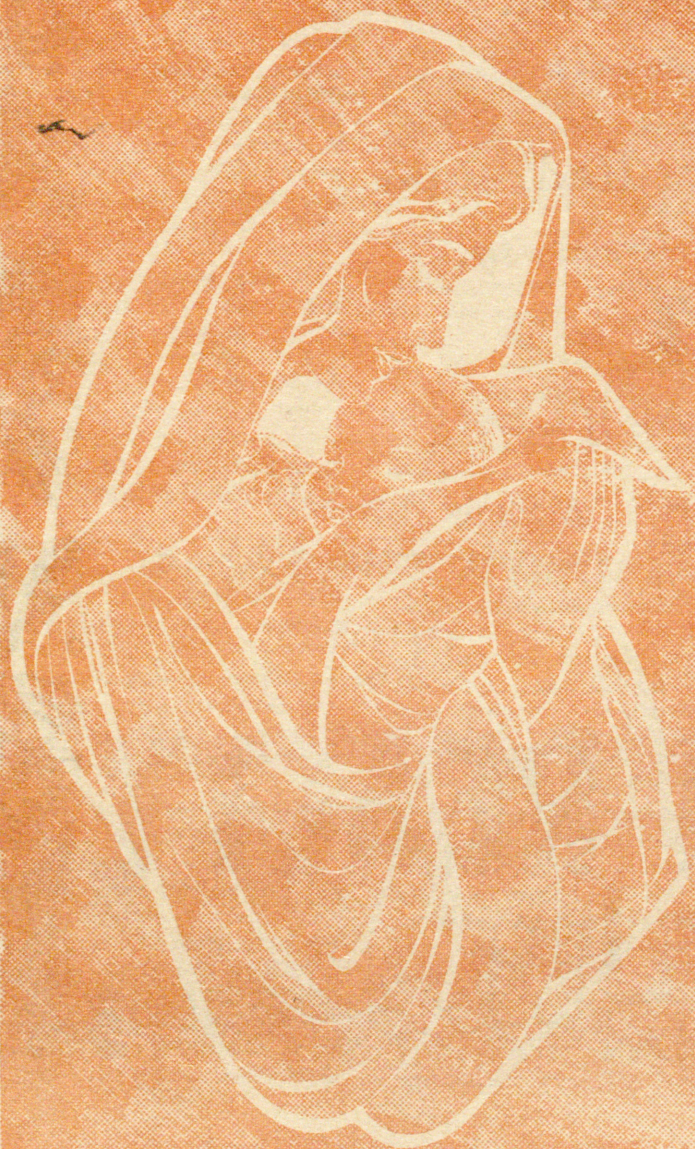

fice from dawn 'till dark. He slumps onto the bench to await his bus. He glances at his paper. Bad news. His eye drifts to a paragraph somehow different. It is a quotation. A rather long one. He has heard it before but never really read it for himself. Numbly he beings to read:

"IN THOSE DAYS there went out a decree from Caesar Augustus, that all the world should be taxed." Boy, do I know about taxes, he thought to himself. I guess they weren't so different. The words seemed more than words. The story more than just a story. A warmth slowly envelops him. Not like any of the "holiday" kind he has known, but the kind of feeling that comes over one in the presence of something very special and wonderfully great. And his heart swells within him as he reads:

"And the angel said unto them, Fear not: for, behold, I bring you good tidings of great joy, which shall be to all people. For unto you is born this day in the city of David a Savior, which is Christ the Lord."

In all the shouting and in all the barrage of season's greetings, this is the first time he has come across these words, "for unto you is born . . . a Saviour". And to someone, somewhere in the great work-a-day world new meaning is coming. Someone is finding the real "joy of Christmas".

ADVENT CEREMONY - Children of St. Anne's Catholic Church in Crest Hill learn the significance of the Advent ceremony in the weeks preceeding Christmas. Sister Bernice is in charge of the instruction. Golden Triangle Photo

Advent Observance Is Old Christmas Custom

Soon the season of Advent will be upon us. Advent is the beginning of the preparation for the great feast of Christmas, and the four weeks are marked by eager longing and preparatory plans. It is also the ideal time to establish a custom in the home and restore the meaning of Christmas.

The custom of the Advent wreath is relatively simple but it can be instrumental in illustrating the true meaning of Christmas. Children, who love the simplicity and beauty of family religious practices, make traditions easy to establish. Once established, customs help to recall to adult members of the family long-forgotten customs from their own childhood during the Christmas season.

Any type of Christmas wreath such as those hung in windows may be used for the Advent wreath in the home. It may be set on a table or suspended by four purple ribbons from a light fixture on the ceiling.

The wreath bears four candles, equally spaced, three purple ones and one pink. The purple ones are lit on the penitential Sundays and the pink candle on Gaudete Sunday, the joyful Sunday in Advent.

It is a delight for children to make and is inexpensive and easy to assemble; the wreath itself is a bunch of evergreens fastened to a coat hanger that has been shaped into a circle. The greens are secured by fine wire. Candles and wires are added as the wreath is put together. Laurel leaves are very practical if it is to be suspended over a table since laurel does not shed. If the wreath is made of ordinary greens the use of plastic "snow" available at florists will help to keep the greens fresh and the wreath from dying.

On the first Sunday of Advent the family gathers together at the evening meal for the lighting of the first candle on the Advent wreath, and a short prayer pertaining to the Advent season is said. The candle burns during

the meal, and then is extinguished.

The next Sunday two candles are lit and allowed to burn as before, and a short prayer is said. Three candles are lit on the third Sunday and the procedure is the same as before and on the fourth Sunday all four candles burn as before, during the meal.

At the close of the Advent season, candles and ribbons are changed to white and the evergreen are renewed if necessary, and tiny Christmas balls are added to decorate the wreath.

SURPRISE PACKAGE

Paste a suitable Christmas picture on the top of an unwrapped box. Wrap the package in the usual way, then slash the part of the wrapping over the picture in a large X so it can be curled back to form a frame. Brush with starch and sprinkle with glitter.

HOMEMADE CHRISTMAS ORNAMENTS -- Mrs. Richard Yang, 10021 W. 146th Pl., Orland Park, shows how to make a miniature Christmas tree and different types of Christmas ornaments. Little Allen, four, and his sister, Virginia, 12 1/2, are fascinated by their mother's handicraft. You can let your imagination run wild on making these ornaments. Use Christmas wrappings, gay Christmas ribbon, aluminum foil or just about anything you can think of. For her Christmas tree, Mrs. Yang used a wire

clothes hanger straightened and stuck in a base made of clay. She says you can use stiff cardboard or make the base of wood. The branches are made of foil sheets. Cut three pieces in triangular shape for each branch and staple in the center. Cut larger pieces for the lower branches and gradually make them smaller as you get to the top. Attach the branches to the tree either by stapling or sewing them into place. Golden Triangle Photo

ALMOND CRESCENTS -- Mrs. William Dudlicek of Marley makes a big batch of her family's favorite Christmas cookies each year. Her almond crescents are the ones that disappear the fastest of all. Golden Triangle Photo

Here's Old Family Recipe For Almond Crescent Cookies

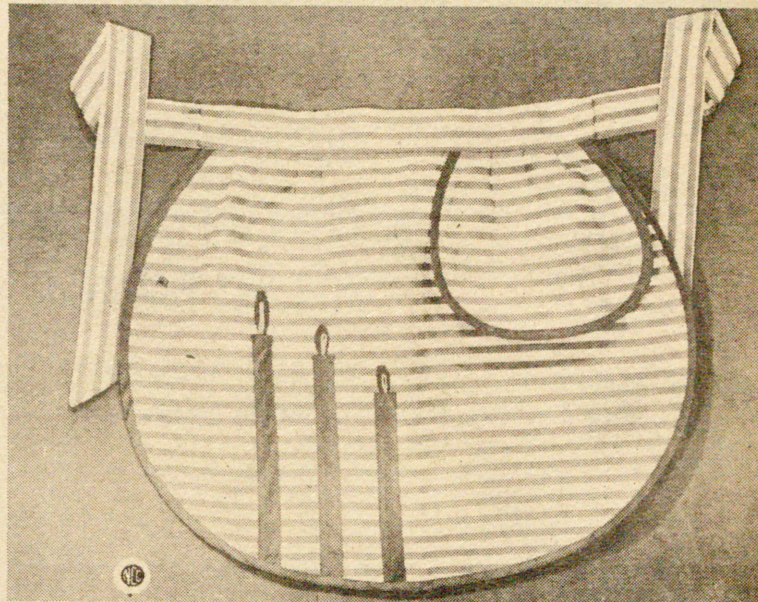

Mrs. William Dudlicek, 1445 N. Cedar Rd., New Lenox, has provided us with her almond crescent cooky recipe. This is an old family recipe given to her by her mother-in-law. It is a family tradition to make these cookies during the Christmas holiday says Mrs. Dudlicek.

For almond crescent cookies use 1/2 lb. butter or margarine, 1 egg yolk, 1 teaspoon vanilla, 2 cups all-purpose flour, 1/2 cup sifted powdered sugar and 1 cup nutmeats.

Blend butter, vanilla and egg

yolk well. Add sugar, then the nutmeats and flour last. Shape into crescents, place on an ungreased cooky sheet and put into the refrigerator for one hour. Bake in a 350 degree oven for 15 minutes or until golden brown. Shake powdered sugar on top when done. This recipe makes four dozen.

Mr. and Mrs. William Dudlicek and his father, James, have resided in New Lenox for six years. Cooking different types of dishes and desserts is a hobby of Mrs. Dudlicek. She is president of the Marley Woman's Club.

YULE APRON -- Here's a gift idea for a friend or neighbor. To make this useful apron with a Christmas air, you'll need a basic apron pattern, a print or plain 100-lb. cotton bag, green bias binding, and metallic cord. Candles are strips of bias binding top-stitched to apron skirt. "Flames" and "wicks" are red binding and cording.

COFFEE CAKE COMING -- Mrs. Joyce Bluth of Lincoln Estates prepares a large batch of foundation sweet dough for her family's traditional Christmas breakfast. It can be refrigerated and used at her leisure to make a variety of coffee cakes. Golden Triangle Photo

Makes Sweet Dough For Traditional Coffee Cakes

A tradition at the Howard Bluth home in Lincoln Estates every Christmas morning is a big yuletide breakfast. The breakfast, which comes after the family attends midnight mass, is based on home-made coffee cakes and home-made smoked sausage.

Mrs. Joyce Bluth who is in charge of the cooking for this big occasion has a special foundation sweet dough she makes in order to prepare for the coffee cake baking. All kinds of fruit and icing variations may be used with the foundation sweet dough in making coffee cakes.

Here is Mrs. Bluth's own recipe . . .

Use two packages yeast, 1/4 cup warm water, 1/4 cup margarine or butter, 1/2 cup sugar, 1 teaspoon salt, 2 eggs, well beaten, 1 teaspoon grated lemon rind (optional), 1/8 teaspoon nutmeg (optional), about

WELL FILLED

The young bride placed the Christmas turkey carefully on the table for dinner. "This, my dear," she exclaimed, "is my first roast turkey." "Marvelous, darling," he said admiringly, "and how wonderfully you've stuffed it." "Stuffed it?" she asked, "Why dearest, this one wasn't hollow".

DECORATED TABLE CLOTH

Dress up a regular white table cloth with bits of colored cloth dipped in starch and ironed on to make a festive tablecloth. Cut the decorations with pinking shears. They will stay until laundered or pulled off.

NUT CUPS

Glue halves of milkweed pods painted gold to small cards and add small paper canes and twigs of evergreen. Then fill them with nuts.

A GOOD GIFT

Flower growers will appreciate some favorite bulbs. Put the bulbs in decorated bread tins or boxes, label, and tie with bright ribbon.

5 cups sifted enriched flour.

Sprinkle the yeast over the warm water. After 5 minutes, stir. Bring milk to a boil. Add margarine or butter, sugar and salt. Mix well and cool to lukewarm. Add the yeast, eggs, lemon rind, nutmeg and 2 cups flour. Beat well until quite smooth.

Add more flour to make a soft dough. Turn out on a floured board and knead until smooth and elastic, about 10 minutes. Place in a greased bowl, cover and let rise until double in bulk. Punch down and shape as desired into a loaf, 2 coffee rings, or about 3 dozen rolls. Allow to rise to double. Bake

in a moderate oven, 375 degrees. Bake a loaf 45 minutes, coffee rings, 35 minutes, and rolls, 20 minutes.

This dough may be prepared ahead and refrigerated or frozen to have fresh baked cakes or rolls at any time.

Mr. Bluth teaches Latin at Thornton Fractional Township High School, South at Lansing. The Bluth family have lived in Arizona, St. Louis, Mo., and Hammond, Ind., prior to coming to Illinois. They have two young coffee cake eaters, Stephen and John, who usually make short work of Mom's baking.

MANTLE DECORATIONS -- Mrs. Joseph Naus of Spring Creek Woods, Lockport, looks at her holiday arrangement for a mantle. If the design is repeated on both sides it may be used as a centerpiece for a holiday table. The pine cone wreath was made by Mrs. Emmett P. Glynn, Lemont, on a 22 inch florist wreath. It contains a variety of nuts, fruits, bell eucalyptus and gilded acorns. Golden Triangle Photo

READY FOR CHRISTMAS -- Mrs. Alice Fraser, 211 Illinois Highway, New Lenox, shows how to make a favorite date bread. She is also an expert on cake decorating. Golden Triangle Photo

New Lenox Woman Reveals Her Date Nut Bread Recipe

From Mrs. Alice Fraser, 211 Illinois Highway, New Lenox, comes her favorite date bread recipe. Ingredients needed are 1/2 lb. dates, 2 cups boiling water, 2 teaspoons baking soda, 1/2 cup shortening, 2 cups sugar, 2 eggs,

4 cups flour, 1 teaspoon baking powder, 1 teaspoon salt.

Cut dates and sprinkle soda over them. Pour water over all. Let stand while creaming shortening and sugar. Add eggs. Then sift dry ingredients together and add

alternately with date mixture. Pour evenly into six standard size food cans, greased and floured. Bake one hour at 350 degrees. When cool, tap cans and they will slide right out.

Mrs. Fraser also has a special butter cream frosting. Take 1 lb. of any white shortening, 1 lb. powdered sugar, 3 tablespoons milk, 1 teaspoon butter flavor or a few drops of butter extract. Frost cake or cup cakes. With the remaining frosting, divide into 2 small bowls and color 2 different colors. Fill cake decorators, using one with a writing tip and one with a large decorating tip. With the large tip make clowns and trim with small tip. Heads are small balls of frosting. Or decorate the cake with a Christmas motif.

Offers Tasty Cookie Recipes

Mrs. Elizabeth Anderson, our Homer Township correspondent, says Christmas time is cookie time. Here are some favorite recipes. These will pack nicely and make extra treats for the youngsters.

FUDGE OATMEAL COOKIES

For those who like chocolate and oatmeal, Mrs. Anderson suggests a combination of both in fudge oatmeal cookies. Use 1 can sweetened condensed milk, 2 squares (2 oz.) unsweetened chocolate, 1 teaspoon vanilla extract, 1 cup quick-cooking oats, 1/2 cup chopped nut meats.

Place sweetened condensed milk and chocolate in top of double boiler. Cook over rapidly boiling water, stirring constantly until mixture thickens and no longer runs from spoon, about 5 to 8 minutes. Remove from heat. Stir in vanilla, blend in oats and nut meats. Drop by teaspoonfuls onto greased baking sheet. Bake in a moderate oven, 350 degrees, about 10 minutes or until firm. Remove from baking sheet immediately. This recipe will make about 26 cookies.

OLD FASHION COOKIES

Old fashioned cookies are another favorite of Mrs. Anderson. This recipe will make about 7 1/2 dozen. Use 2 1/4 cups sifted flour, 2 teaspoons baking powder, 1/2 teaspoon salt, 1/2 cup melted butter, 2/3 cup sweetened condensed milk, 2/3 cup dark brown sugar, firmly packed, 1 egg, 1 teaspoon vanilla extract and 1 teaspoon lemon extract. Sift flour, baking powder and salt together into large bowl.

Make a well in the center of dry ingredients, then add remaining ingredients. Beat until thoroughly blended. Divide dough into 3 parts, wrap each in waxed paper. Chill in refrigerator about two hours. Remove only one portion at a time from refrigerator. Shape about 1/2 teaspoon dough into a ball and place on well-greased baking sheet. Flatten with the bottom of a well-floured glass to 1/16 inch thickness. Bake in moderate oven, 375 degrees, about five minutes or until edges are lightly browned. Remove from baking sheet immediately. For variation, sprinkle cookies with sugar or cinnamon-sugar mixture before baking.

Housewife Makes Wooden Items For Holiday Decor

Mrs. Henry Boldt of RFD 2, Lemont has developed a talent for woodworking during her spare hours as a housewife. For the Christmas season she is currently making a cradle, crib and rocker for decorating her home with a nativity scene.

In past years she has made doll clothes hampers for her two grandchildren, an airplane, a windmill, a clothes stand and many other items for Christmas presents.

Mr. and Mrs. Boldt have lived in the same residence for 36 years and spent most of their early years there raising their five children.

After the children grew up, Mrs. Boldt found some spare time on her hands so she began a little woodworking as a hobby.

At present, she has all the necessary carpenter tools and obtains pieces of wood from the mill works. When she began her hobby 20 years ago she had eight cheese boxes, an old knife, a razor blade and a small saw and hammer.

She finds that Christmas has more meaning when the gifts she gives can be products of her own handiwork, and that they also are more unique and are prized most highly by her grandchildren.

WOODWORKING HOUSEWIFE -- Mrs. Henry Boldt of Rt. 2 Lemont makes a variety of wooden items for the Christmas season each year. She makes some of the items for decorating her own home and others to present to her grandchildren for gifts. Here she works on a cradle for a nativity scene in a home decoration. KIDS MAKE THESE -- These children, who are next door neighbors on Bell Road at 143rd Street near Orland Park got together to make some simple Christmas decorations. The Santa Claus, which Patricia Sapa and Danny Beilfuss are holding is made of posterboard triangles. They call him the "mathematical Santa". He is red and black with an aluminum foil buckle and beard made out of glitter. His belt and features are made of black paper. David Beilfuss sits on the fireplace ledge beside some of his handiwork. The little carolers are made of construction paper, doilies, styrofoam balls, aluminum foil and the faces are cut out of paper. The "can Santa" is a foil covered tin can trimmed with red construction paper, cotton and foam balls and a face cut out of paper. The wreath on the fireplace is a styrofoam circle covered with foil and trimmed with real or artificial evergreen. The stockings are made of aluminum foil and trimmed with rick rack and ribbon bows. The boys are the sons of Mr. and Mrs. Bob Beilfuss and Pat is the daughter of Mr. and Mrs. Al Sapa.

Lemont Lady Makes One Xmas Wreath Per Night

Mrs. James S. Rollo of Lemont has been an active member of a number of local social organizations for some 12 years and each Christmas season she finds there is a great demand for table decorations and home trimmings for the various social occasions.

One of her favorite materials for making Christmas decorations is nylon net. It comes in a variety of shades and is especially adaptable for the holiday season.

Mrs. Rollo has two favorite designs, a wreath and a little 15 inch high Christmas tree.

WREATH IS SIMPLE

The wreath is the simplest to make and begins by shaping an ordinary coat hanger wire into a circle and then cutting nylon net into six inch square strips. Next pull each strip in at the center with a narrow ribbon, making a bow tie shape. Then slip the ribbon over the wire. After a number of them are pushed on the wire wreath will begin to take shape.

Every 10 or 12 strips, insert a piece of sequin ribbon, a piece of colored foil or some other similar Christmas decoration scrap. Occasionally a bell on a ribbon and some small sequins can be tied or glued on the wreath.

When the full circle is complete cover the coat hanger hook with colored paper or paint it a shiny color and use it to hang up the wreath.

A CHRISTMAS TREE

Mrs. Rollo's other do it yourself trick is a little Christmas tree. This requires a little more careful planning but is quite simple for any housewife with a little time.

PINK CHRISTMAS TREE - Mrs. James S. Rollo of Lemont holds a delicate pink Christmas tree she made herself for decorating her home. Mrs. Rollo also uses the nylon net fabric to make Christmas wreaths for the holiday season. Golden Triangle Photo.

A 15 inch dowel is padded and covered with satin ribbon and glued into a drilled, square base that is covered with wrapping paper or shiny foil.

Then take 1 1/2 yards of 72 inch wide nylon net and cut it into strips. Cut two 12 inch wide strips and one strip each that is 11, 10, 9, 7, 5, and 3 inches wide. Start at the bottom with the widest strip.

Gather each strip with needle and thread and make a ruffle, attaching it to the padded stick. As you go up, tie small ornaments to the various strips and glue sequins on the net occasionally.

Top the tree with a Christmas figure, star or appropriate ornament.

HOLIDAY COOKIES - Hot out of the oven are these delicious holiday cookies prepared by Mrs. Joseph Vidmar of Crest Hill. The recipe is easy and quick and the results are quite tasty. Golden Triangle Photo

These Easily Made Xmas Cookies Disappear Fast

With the holidays coming on us, Mrs. Joseph Vidmar, of 2402 Alma Drive, Crest Hill took time out of her busy schedule and prepared these delicate and delectable Christmas cookies for us. The ingredients are not so complicated but it does take a little effort and work to make them. After you take the first bite, you'll agree they're worth the time and energy.

ROSKY

2 small pkgs. or 1 lg. pkg. cream cheese, 2 sticks butter or margarine, 3 cups cake flour. For the filling: 1 pound nuts, ground; 2 cups sugar (mix together) 1 egg, 1 small can crushed pineapple.

a wreath a night in the pre holiday season, but the little trees take somewhat longer.

Dr. and Mrs. Rollo, who live at the end of Lintz St. in Lemont have already begun decorating their home for Christmas, although they plan to spend Christmas and New Years in Florida visiting their daughter and her husband.

Cream cheese and butter, add flour a little at a time. Knead until it does not stick to the hand. Divide into four balls. Wrap in wax paper, put into refrigerator overnight. Take out about a half hour before baking. Roll out as for pie-crust on powdered sugar. Cut into squares. Place a teaspoon of filling on each square, roll and shape into crescents. Place on ungreased cookie sheet and bake about 20 to 25 minutes or until golden brown at 375 degrees.

HOLIDAY CRESCENTS

1 cup soft butter, 1/4 cup sugar, 2 cups sifted flour, 1 cup filberts ground or finely chopped, 1 teaspoon vanilla.

Cream butter and sugar until light and fluffy; add remaining ingredients and mix well. Chill until firm. With hands, shape small pieces of dough into tiny rolls. Twist on cookie sheets to form crescents. Bake in moderate oven, 350 degrees about 10 min. Store in airtight container. Dough may be tinted red or green for holidays.

Mrs. Lewin, Frankfort Has 'Fall Treasure Hunt'

FALL TREASURES Mrs. Charles Lewin of Frankfort picks a nice day every fall to gather a group of friends together and go on a "Fall Treasure Hunt". From the trunkload of dried flowers, leaves and

weeds she produces beautiful table decorations such as those pictured here. They make excellent Christmas gifts and provide an interesting holiday decor for the home. (Herald Photo)

Mrs. Charles Lewin of Frankfort gathers her friends together every fall and embarks on a "Fall Treasure Hunt" to obtain decorations for the holiday season.

After Mrs. Lewin and her family moved to their home at 203 Nebraska St. in Frankfort nine years ago she began to enjoy suburban living, especially being close to the outdoors. She began her fall hunts when she found that many of the dry flowers, leaves and weeds can be adapted beautifully to holiday decoration ideas.

She has made these decorations for church Christmas bazaars, for Christmas gifts to friends and neighbors and for her own home since she and her family moved to Frankfort.

The Lewins are a family of five. The oldest son, Bruce is a freshman at the University of Illinois, Judy is a sophomore at Lincoln-Way high school and the youngest boy is an 8th grader at Frankfort Community Grade School.

Although living in Frankfort for nine years they feel like lifetime residents, since her grandfather, Barney Balchowsky opened the first general store in the town some 85 years ago.
